

## Roundhouse Summer Science Beach Camp 2017

Week 3- July 17<sup>th</sup>-21<sup>st</sup>

Drop off time: 9:00am Pick up time: 12:00pm

Drop off and pick up at the base of the pier

\*subject to change due to pier/city events

### What to bring each day:

- Hat
- Sunscreen
- Water bottle
- Towel
- Wear clothes that can get wet and/or sandy every day, you may want a change of clothes for the car. Camp t-shirts are *highly* recommended each day (extra camp shirts can be purchased for \$10 each)
- Wear or bring a swim suit for some days, please see below
- Dress in layers for the cool morning marine layer
- Snacks will be provided each day

### This Week's Schedule:

Every day we'll start out with a Mystery Animal. We'll give your camper clues, and whoever figures out the mystery animal will win a prize!

**Monday: Did You Hear What's Under the Pier?** - Did you know that thousands of little creatures live right under the pier? Today, we will learn about the big fish and the little creatures that live under the sea. We will watch snorkelers go under the pier and help collect animals so we can discover them up close. We will even put some animals from the ocean into the tanks! Campers will get their Roundhouse Camp t-shirts too!

**Tuesday: Slimy Squid** - Today we are going to dissect squid! We will morph into scientists as we encounter squid and their cousin the octopus! We'll learn how squid breathe, eat, and change colors. We will also get to see the food chain in action when we feed the squid to our sharks.

**Wednesday: Kooky Kelp Day** – Did you eat your kelp today? We'll learn more about kelp, what animals like to eat it, and what foods we find it in. We'll make our own kelp pressings to take home at the end of the week! We'll end the day searching for seaweed at the beach, so **you may want a swimsuit or a change of clothes.**

**Thursday: Ahoy Matey!** - Today, we'll find out how boats float and each camper will create his/her own pirate ship out of recycled materials. We will sail them in the pool and splash around! We might even get to dig for buried treasure! We'll end the day at the beach, **so you may want a swimsuit and towel.**

**Friday: Surf's Up!** - Today, we'll learn about waves and the best place to surf. We will head down to the beach for a day of fun in the sun, on the sand, and in the water. **Be sure to have a swim suit and towel!**
