

Roundhouse Summer Science Beach Camp 2019

Week 4 - July 29th-August 2nd

Drop off time: 9:00am Pick up time: 12:00pm

Drop off and pick up at the base of the pier

*subject to change due to pier/city events

What to bring each day:

Please send in a backpack/bag that the child can carry his/herself

- Hat
- Water bottle
- Towel
- Wear swim suit under clothes every day.** We try to conclude camp at the beach every day. You may want a change of clothes for the car.
- Camp t-shirts are *highly* recommended each day (extra camp shirts can be purchased for \$10 each).
- Dress in layers for the cool morning marine layer
- Wear Sunscreen
- Snacks will be provided each day

This Week's Schedule:

Every day we'll start out with a Mystery Animal. We'll give your camper clues, and whoever figures out the mystery animal will win a prize!

Monday: Grab a Crab! - Get ready to get your feet wet as we jump into our first day of camp! Today, campers will get their Roundhouse Camp t-shirts! Not only do we get to learn all about sand crabs, we're going to dig for them too! We'll take a closer look to see the interesting ways they swim and eat!

Tuesday: Under Pressure - How far can a lemon fly? Your campers will find out today, as they uncover the meaning of pressure. The staff will shoot lemons out of a cannon and help campers fly their own rocket ships using air pressure. We'll head down to the beach and find out what happens if we mix diet coke and Mentos.

Wednesday: Fossil Fun - Today we'll learn about fish that lived long ago, and find out how scientists know about them – through fossils! Campers will find their own fossil shark teeth to take home.

Thursday: Trash Monster! - Today is dedicated to protecting our beaches as we learn why it's important to put trash in the trash can. We'll make a recycled craft together and might even come across the trash monster! Don't worry, we'll have some wet sponges ready to get the trash monster away, but we can't guarantee you'll stay dry on this day!

Friday: Surf's Up! - Today, we'll learn about waves and the best place to surf. We will head down to the beach for a day of fun in the sun, on the sand, and in the water.

Be sure to have a swim suit and towel!

*activities subject to change
