

**ROUNDHOUSE AQUARIUM
TEACHING CENTER**
MANAGED BY OCEANOGRAPHIC TEACHING STATIONS, INC.

King Tide Watch

Hosted by Oceanographic Teaching Stations, Inc.

Saturday, December 6, 2025

9:00am to 10:30am

Base of the Manhattan Beach Pier

WHAT'S THE KING TIDE?

A King Tide is an exceptionally high tide caused by the alignment of the sun, moon, and Earth.

ABOUT THE EVENT

Join the Roundhouse Aquarium, climate activists, and scientists to capture the powerful impact of the King Tide. Your participation will contribute to the California Coastal Commission's King Tide Project.

WHAT TO BRING

Sunglasses and hats

Cameras and/or Phones

Reusable water bottles or thermoses

Dress in layers (may be colder near the pier)

Free and open to all ages!
