This Week's Schedule:

Each day, campers take part in sea themed activities and will win prizes for participating.

Monday: Flukes and Fins - Do you know how fish and whales are different from each other? If not, that's ok, come find out on our first day of camp! Today, campers will get their Roundhouse Camp t-shirts! Campers will get to talk with a real whale scientist about marine mammals and even learn how dolphins hunt for food. Be on the lookout, we might spot some dolphins from the pier!

Tuesday: Trash Monster! - Today is dedicated to protecting our beaches as we learn why it's important to put trash in the trash can. We'll make a recycled craft together and might even come across the trash monster! Don't worry, we'll have some wet sponges ready to get the trash monster away, but we can't guarantee you'll stay dry on this day!

Wednesday: Mad Scientist Day - Peak your curiosity about all things scientific, weird, and interesting with today's activities. Campers will become scientists as we perform experiments and ask the most important question of all: "why does that happen"?

Thursday: Ahoy Matey! - Today, we'll find out how boats float and each camper will create his/her own pirate ship out of recycled materials. We will sail them in the pool and splash around! We might even get to dig for buried treasure!

Friday: Surf's Up! – Today's beach day! Be ready for a day in the sun, on the sand and in the water! **Be sure to have a swim suit and towel!**
